

The Petitioning for a Governmental Redress of Grievances

#3

Why should We have to "Sink" with the "Titanic" Commonwealth of Puerto Rico due to their mismanagements? Especially, after all that the Native Viequeses accomplished for the safety and national security of the United States of America and for all Americans. Let us define our lives and future.

Honoring the Memorial Day, May 26, 2014.

In God We Trust!

We rest our case.

We, the undersigned are requesting, Freedom! The Greatest American Achievement:

The Petitioning for a Governmental Redress of Grievances #3

Understand that CODESU our Corporation is standing with the empowerment, as We the people of Vieques, as Native Viequeses Americans. Please do not contact the Municipality of Vieques or the Mayor Victor Emeric, because they are not part of our Petition and, as they represent the last administration of the Commonwealth in Vieques. Neither the Anti-Navy Leadership, as they are pursuing the Independence of Vieques from the United States, as We are requesting the U.S Government of Vieques, under the Constitution of the United States, as never before the United States granted an entire Territorial Island for surrendering their lives for the National Security and the American Way of Living, as Vieques did. Our CODESU Community Board will engage in every aspect of the electoral procedures and to Assembly the people of Vieques, to prepare the terms to establish our Government, and the transition terms from the Commonwealth of Puerto Rico, if the United States Government, respectfully grant us, that authority.

From that day on May 1st, 2003

We the Native Viequeses Americans can rightfully say that

We were Honorably Discharged, from our duties

After 78 years: Grant us our right of speech in a Referendum "to decide on our future ourselves"

Sunday February 1, 2015

Do We need Permission from the Commonwealth after 78 years of this unhealthy abusive political relationship?

Do We have Constitutional Rights or We the people of Vieques are excluded?

Grant CODESU, Inc. \$150 Million for our Vieques Self-Sufficient Development Plan

With our Territorial Rights and the United States Government of Vieques

All We want to achieve are our right to work, like civil and political rights, the right to life and liberty, freedom of thought and speech/expression, equality before the law, social, cultural and economic rights, the right to food, and the right to education.
